The Friends of Homosassa Springs Wildlife Park, Inc.

The Friends is a **Citizen Support Organization** founded in 1991 as a not-for-profit Florida Corporation to support the goals of **Homosassa Springs Wildlife State Park**. The mission of the Florida Park Service is to provide resource-based recreation while preserving, interpreting, and restoring natural and cultural resources.

The Park provides resource-based recreation through wildlife exhibits, educational programs, and other visitor services. Visitors can enjoy viewing endangered manatees and a variety of other native Florida wildlife in a natural setting adjacent to the Homosassa River.

The Friends help conserve and enhance the wildlife care program and other Park resources. They help increase interest and understanding of the heritage and natural environment of the Wildlife Park and implement projects approved by park management in the Master Site Plan.

What We've Done...

- Raised funds for...
 - New Grey Fox Habitat
 - New Birds of Prey Habitats
 - Wildlife Walk (Phase I)
 - Wildlife Walk (Phase II)
- Brought renowned marine life artist, Wyland, to the Park to paint one of his famous murals of the manatees.
- Promoted community involvement in the Park while becoming an integral part of this Community.
