# The Friends of Homosassa Springs Wildlife Park, Inc.

The Friends are a **Citizen Support Organization** founded in 1991 as a *not-for-profit 501 (C) (3)* Florida Corporation to support the goals of **Homosassa Springs Wildlife State Park**. The mission of the Florida Park Service is to provide resource-based recreation while preserving, interpreting, and restoring natural and cultural resources.

The park provides resource-based recreation through wildlife exhibits, educational programs, and other visitor services. Visitors can enjoy viewing endangered manatees and a variety of other native Florida wildlife in a natural setting, adjacent to the Homosassa River, an Outstanding Florida Waterway.

The Friends help conserve and enhance the wildlife care program and other Park resources. They help increase interest and understanding of the heritage and natural environment of the wildlife park, and implement projects approved by park management in the Master Site Plan.

## Members Make A Difference!
